GOLF FORTUNE GAME

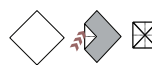

Cut out the game below and fold per the instructions. Then, have a friend or family member choose one of the top four squares. Spell out the letters in their chosen word while alternating a pinching and pulling motion with the fortune game. When you've stopped spelling, look inside and let your family member choose again from the numbers inside. Then, repeat the alternating pinch and pull motion for the number of times they chose. Have them choose a number once more, then open that panel to find out their golf fortune!

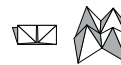

1 Fold the square in half diagonally to make a crease, then unfold. Repeat this step by folding diagonally the opposite way.

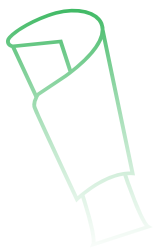

2 Fold all four corners of the square to meet in the center.

3 Now flip the folded square over and fold each of these corners to meet at the center.

4 Fold in the half to pop open.
